200 International Toxic Units (ITU)
per milligram (0.20 billion ITU/kg)

**REGISTRATION NO.: 26862
PEST CONTROL PRODUCTS ACT**

NET CONTENTS: 5.0 kg

Lot n°:

Date of manufacture:

AFA Environment Inc.
1100 boul. René-Lévesque Ouest,
25^e étage,
Montréal (Québec) Canada H3B 5C9

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offense under the *Pest Control Products Act* to use a control product under unsafe conditions.

For use by farmers, cottage owners and rural dwellers in waters wholly confined with-in their property. **AQUABAC**(200G) may be applied to any water sites except treated, finished water reservoirs or drinking receptacles.

DIRECTIONS FOR USE

MOSQUITOES

Habitat.....Rate required for Control

! Flood water, roadside ditches, irrigation ditches, pastures, woodland pools, snow melt pools, tidal water, salt marshes, catch basins, storm water retention areas.....**2.5-10 kilograms/hectare**

***** When late third and early fourth instar larvae predominate, larval populations are high, or water is heavily polluted and/or algae are prevalent, use**10-20 kilograms/hectare**

AQUABAC_(200g) should be applied uniformly in conventional ground application equipment. A seven to fourteen day interval between applications should be employed. Longer periods of mosquito population suppression may result where sufficient numbers of non-target invertebrate parasites and predators are present, since these are not affected by **AQUABAC**_(200g) and contribute to mosquito population reduction.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. May cause sensitization. Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes or clothing. Wear a long-sleeved shirt, long pants, water-proof gloves and eye goggles when handling, loading or applying the product and during all clean-up and repair activities. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

FIRST AID: In case of contact: wash with plenty of soap and water. If irritation persists, get medical attention. Take bag, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

STORAGE: Keep in original container during storage. Store in a secure, cool, dry place at temperatures between 0 and 25EC. Do not contaminate water, food or feed by storage. This product should be used within 24 months of the date of manufacture.

DISPOSAL: Thoroughly empty the contents of the container into the application device. Make the empty container unsuitable for further use. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product, contact the provincial regulatory agency or the manufacturer. Contact the provincial regulatory

agency and the manufacturer in case of a spill, and for clean-up of spills.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information. This service and this information do not replace the official hard-copy label. The PMRA does not provide any guarantee or assurance that the information obtained through this service is accurate, current or correct, and is therefore not liable for any loss resulting, directly or indirectly, from reliance upon this service.
